Mr. Slattery reported on the committee meeting held in Sydney on 12th June at which the President of the C.F.A. and Presidents of the State Cooperative Federations of Western Australia and New South Wales were present in addition to himself.

That Committee accepted the proposals of the Victorian Federation agreed at the March meeting relating to use of reserves for funding 1981/82 operations subject to adequate planning developments being forthcoming in that time.

He advised that all State Federations had been consulted on the proposals in principle for a restructured Cooperative Federation of Australia to be the single Cooperative Federation with direct membership for all Cooperatives and with responsibility for allocation of resources to areas of most need. The concept had not been rejected in any State.

Current action by the committee is the preparation of a paper setting out the case for one national body with State divisions to enable more detailed consideration to be given to the proposal.

Mr. Slattery also reported on separate confidential discussions held by officers of the Cooperative Federation of New South Wales with senior Federal Government Ministers and with Presidents of A.F.C.U.L. and N.S.W. Permanent Building Societies relating to a Cooperative Financial Institution. The C.F.A. submission to the Campbell Enquiry and the N.S.W. Federation Centralised Banking Scheme were used as a basis for this initiative.

The N.S.W. Federation indicated its intention to keep C.F.A. fully informed of all developments.
